EDUCATION

BINUS University, Alam Sutera
Bachelor of Computer Science

Sep 2023 – Present

GPA: 3.27/4.00 (82 Credits)

Relevant courses: Algorithm and Programming, Program Design Methods, Data Structures, Discrete Mathematics, Human and Computer Interactions, Artificial Intelligence, Algorithm Design and Analysis, Object Oriented Programming, Software Engineering, Database Technology.

PROFESSIONAL EXPERIENCE

Kementrian Luar Negeri - Internship
FullStack Developer

Feb 2026 - Present

- Maintain, develop, and optimize internal web applications
- Perform data acquisition, cleaning, transformation, and validation to ensure data accuracy and usability
- Debug, test, and improve system performance and reliability

WHIM - Evos Sport, Remote
Content Creator

April 2021 - December 2021

- Creating and editing content for social media platforms (TikTok).
- Developing content strategies to increase engagement and followers.
- Collaborating with brands for product promotion.

PROJECTS

Data Puller App

March 2026

- Developed an internal data aggregation platform using Python and Streamlit that integrates multiple economic intelligence APIs (EIU, UNCTAD) to automate bulk data extraction, transformation, and loading into a centralized database, replacing manual downloads.
- Tools used: Python

DAP (Data Aggregation Platform)

April 2026

- Built an internal data aggregation platform (Next.js, FastAPI, PostgreSQL) integrating multiple economic intelligence APIs to automate ETL pipelines, replacing manual data downloads with a centralized database.
- Tools used: Python, FastAPI, Next.js, React, PostgreSQL

Coffeenfo

April 2026

- Built a high-end specialty coffee platform (React, Laravel, PostgreSQL) featuring dynamic paginated APIs, advanced search filters, and an interactive tool for comparing technical coffee metrics and providing personalized brew recommendations.
- Tools used: PHP, Laravel, React.js, Tailwind CSS, PostgreSQL

ADDITIONAL INFORMATION

- **Languages:** English , Indonesian
- **Programming :** Java, JavaScript, Python, React.js
- **Database:** SQL , MongoDB, MySQL
- **Frameworks:** React.js , Laravel , .NET
- **Software:** VS Code, Ms. Office, Excel, Eclipse, Canva, Figma
